

Bridal Handout

Congratulations on your engagement from all of us at Bantam Salon & Spa! Weddings are a joyous and thrilling event and we want to thank you for allowing us to help make your day everything you've imagined!

Preparing for your big day can be intimidating. We've taken the liberty of creating a beauty guide and checklist to help you prepare in the final hours before your hair and makeup appointment.

Before Your Trial...

1) First things first...buy your dress! We encourage our brides to purchase their dress before scheduling their hair and makeup trial. Our Bridal Image Stylists will assist you in choosing a design that works in conjunction with the entire event. Knowing the style of the dress is helpful in choosing stunning and flattering hair and makeup designs. Be sure to bring photos of your dress (or better yet, *you* in your dress!) to your trial.

2) Book your appointment with us! Wedding season approaches fast and hits hard. We like to dedicate ample time for your party so, reserve your appointment ASAP.

3) Gather inspiration! Be sure to arrive to your appointment with plenty of pictures of the dress, color scheme, and any veils or hair pieces you will be incorporating into your look.

Before Your Trial...

1) Gather your stuff! Be sure to bring any of your accessories to the trial so that we can choose a style that works for your entire look. Those stunning, dangling diamonds from Grandma would be completely covered up with a head full of sexy curls and we do not want that!

2) Moisturize your hair and skin with high quality products that meet your specific needs. Our team can help prescribe a regimen for you to carry through until the big day.

3) Get a haircut! Many brides want to maintain their length for the wedding. While length is beautiful, healthy hair is more important to accomplishing a polished look. Even the smallest of trims will help your hair lay down and perform better on the day of.

4) Exfoliate! Any dryness or lingering dead skin on your face will show. Combat the patches and keep your skin smooth and vibrant by using a gentle exfoliator prior to the makeup application.

5) Come clean! Make sure your hair and face are clean, dry, and free of any products when arriving for both your trial and the wedding day appointment. Clean skin and hair will hold both makeup and hair styles better.

6) Bring a friend! We encourage you to bring a friend to your trial to give support and to be another set of eyes on the styles. Plus, its fun!

7) Speak up! If you see something about your style that you are unsure of, please do not hesitate to let us know. We want to work with you to make sure you look and feel as beautiful as possible on the big day, thats the purpose! You will not hurt our feelings!

On The Big Day...

1) Drink water and eat! Your skin will reflect how you care for your body in the days and weeks before your wedding day. Many brides are very busy and forget to take the time to nourish themselves. Maintain your bridal glow by getting enough rest, healthy foods, and water in the days leading up to your event.

2) Follow the same instructions for skin and hair care prior to the trial leading up to the wedding day. Clean, healthy hair and skin will reflect the most beautiful styles and looks! Be sure to have all your accessories ready to go!

3) Relax! Starting preparations early will ensure everything is smooth sailing from here! Leave the work to us, and enjoy your day!

Something to consider...

As part of our wedding package, Bantam Salon & Spa is happy to offer you any of our in-salon hair and esthetic services at a discounted rate to help prepare for your big day. Book your body waxing, facials, or color services with us to take advantage of the savings!

Thank you again from all of us at Bantam Salon & Spa for considering us when planning the biggest day of your life. We are honored to help make this day everything you envisioned!

To the Bride and Groom!
